

FLAVORS OF REPRESENTATION THEORY

Flavors of Representation Theory [FoRT] is a **two-week CIMPA School** for master's students, doctoral students, and early-career researchers.

The program consists of seven lecture series on infinite-dimensional Lie theory, cluster theory, homological methods, combinatorial structures, knot-theoretic interactions, functor categories, and aspects of group representations.

SPEAKERS

- Véronique Bazier-Matte, Laval, Canada
- Lara Bossinger, Oaxaca, Mexico
- Roozbeh Hazrat, Sydney, Australia
- Amit Kuber, Kanpur, India
- Samuel Lopes, Porto, Portugal
- Pooja Singla, Kanpur, India
- Andrea Solotar, Buenos Aires, Argentina

ORGANIZERS

- Ardeline Buhphang, Shillong, India
- Stéphane Launois, Caen, France
- Rishabh Goswami, Shillong, India
- Alfilgen Sebandal, Porto, Portugal
